- G14** On the spine, in the valley between the lowest cervical and the highest dorsal vertebrae, on an imaginary line drawn between the tips of the shoulders.
- H03** At the extreme end of the inner crease of the elbow. Bend the arm tightly and place the Acu-Ki at the extreme inner edge of the elbow crease formed. Relax your arm and begin the stimulation.
- H06** One half thumb width from the wrist crease closest to the hand, in the hollow directly in line with the inside of the little finger.
- LI06** 3 Cun above the wrist joint on a line connecting LI05 and the end of the visible elbow crease or LI11.
- P08** Between the second and the third metacarpal bones of the hand, where the tip of the middle finger touches when the fist is clenched.
- ST33** 3 Cun above the knee cap along the side of the thigh bone.
- ST36** The width of one hand (3 Cun) below the bottom of the kneecap, and the width of one thumb (1 Cun) toward the outside of the leg (direction of the small toe.) Found in the trough or valley where the two most prominent bones of the calf come together.
- T05** The width of two thumbs above the most prominent crease of the upper wrist, in line with the middle finger. On the outside of the forearm.
