**CORRES-  
PONDING  
BODY  
PART**

- C17** In men, on the mid-line of the chest between the two nipples. In women, on the mid-line of the chest between the fourth and fifth ribs.
- G20** On the midpoint of the skull on a line connecting the tops of the ears.
- LI04** On the back of the hand between the thumb and index finger metacarpal bones. Find the spot midway on the bone that connects the index finger to the wrist. Sometimes this point is easy to find by squeezing two fingers together to form a small mound and marking an imaginary point at the peak of that mound. Then probe inward toward the main body of the hand, right on the bone.
- LI11** On the extreme end of the outer crease of the elbow. Bend your arm tightly and place your Acu-Ki on the end of the crease. Keep your massager in place while opening the arm and stimulate the point on your relaxed arm downward toward your forearm.
- LV03** Two cun above the separation between the biggest and second toes, on the top side of the foot.
- ST36** The width of one hand (3 Cun) below the bottom of the kneecap, and the width of one thumb (1 Cun) toward the outside of the leg (direction of the small toe.) Found in the trough or valley where the two most prominent bones of the calf come together.
- UB10** 0.5 cun just beneath the base of the skull, on the rosy muscles and 0.5 cun from the spine midline.
- UB60** In the hollow (or valley) behind the crown of the outer ankle.
- CBP** Corresponding Body Part in the Ear, Hand and Foot Microsystem
