

AcuPoint Analysis

FOOT NUMB

- G02** On the centerline of the back, just above the crease of the buttocks.
- GB31** On the outside of the thigh, 6 cun above the top of the knee cap. Standing erect with hands at the sides, the the point is at the tip of the middle finger.
- SP06** The width of one hand (3 thumbs) above the crown of the inner ankle, just behind the shin bone on the front of the leg.
- ST42** On the top of the foot, midway between where the foot joins the leg and the toes, in line with the second toe.
- ST43** Between the second and the third metatarsal bones, and 2 Cun above and between the bases of the second and third toes.
- ST44** Just behind the separation between the second and third toes.
- UB60** In the hollow (or valley) behind the crown of the outer ankle.
- UB67** Just behind the outside corner of the nail of the smallest toe (direction away from the other toes). This point not to be used, if you are prone to chronic pain around the eyes or are pregnant.
